SCHOOL DISTRICT COMMITMENT TO LEARNING RESULTS

The Winslow School Board hereby adopts Maine's system of Learning Results. The Learning Results system is intended to serve as a foundation for education reform and to promote and provide assessment of student learning, accountability and equity. The School Board recognizes that the legislative intent of the learning results system is to provide children with schools that reflect high expectations and create conditions where these expectations can be met.

The School Board understands that implementation of the Learning Results system and the mandate to provide all students with equitable opportunities to meet the content standards of the system of Learning Results have broad implications for the school unit, including curriculum, budget, professional development, student assessment, professional evaluation, and graduation requirements. Therefore, the School Board is committed to examining its policies and school system practices to ensure that they are consistent with the intent and goals of the learning results system. This will require a concerted and coordinated effort involving the School Board, the Superintendent, administrators, teachers, parents, students, and the community.

The School Board directs the Superintendent to develop a plan and timeline for implementing the learning results system, and any appropriate administrative procedures. The School Board further directs the Superintendent to report to the School Board on a regular basis [quarterly] on progress toward implementing the Learning Results system.

ADOPTED: May 21, 2003

REAFFIRMATION: January 25, 2016
