**STUDENT FUNDRAISING ACTIVITIES**

The School Committee recognizes that student fundraising activities will take place to support extracurricular school activities. The activities must be planned as far in advance as possible and approved by the building principal. Every effort should be made to limit the number of fundraisers in each school and to have only one major fundraiser at a time.

Children in the elementary schools shall not be involved in soliciting funds for school or class activities outside of the school unless the Superintendent has approved the fundraising activity.

Students involved in solicitations should be provided with appropriate identification and explain the purpose of the fundraising. Students should always be accompanied by an adult or another student.
